

Foundation for Advancement of Diversity in IP Law

PROMOTING DIVERSITY IN INTELLECTUAL PROPERTY LAW
[Formerly the American Intellectual Property Law Educational Foundation]

Your Support is Needed!

Your donation will support Foundation efforts to identify and prepare talented individuals for successful careers within the IP law profession. Help us to build a profession that more fully reflects the racial and ethnic diversity of our clients and the broader community of innovators that the IP profession serves.

The Foundation's Sidney B. Williams, Jr. Scholar Program seeks to identify, engage, and support STEM-educated individuals interested in exploring a career in patent law. We aim at producing exceptional law school graduates who are well prepared for a career in patent law. Your contribution supports these efforts, which continue to lie at the heart of the Foundation's overall programming to advance diversity in the IP law profession.
